

Announcement 2

Dear Young Researchers and Mycology Enthusiasts,

we are pleased to provide you with further information about the upcoming conference.

First of all we would like to **encourage you to active participation** in the conference (poster or talk). To participate actively one should prepare an **abstract of maximum 300 words**. The abstract must be **in English** and should **not include literature citations nor figures**. Please remember to include the following elements in your abstract: for literature review: introduction, most important findings, conclusions; for original research: introduction, methodology, findings, conclusions.

The **registration and abstract submission** will be possible from **16th of February** until **7th of April 2026** (which is also deadline for submitting your abstract). The registration and abstract submission will be carried out with a **Google forms** available [here](#) (registration) and [here](#) (abstract submission). Please remember to **register first before** you submit your **abstract**.

The abstracts will be **evaluated by Scientific Committee** members. **Reviews** will be sent to you by the **30th of April**. Then you will have **two weeks to reply** to reviewers and **submit the corrected version** of your abstract.

This year **passive participation** is also **accepted**. However due to registration slots limitation **active participants** will be accepted with **higher priority**.

We also happily announce that the **Scientific Committee** for this year's MycoRise Up! Is complete. You can find out more about them on our [website](#) in the ["about" section](#).

Follow our [social media](#), where we will also publish more information about the conference! If you have **any questions**, please contact us at our **official e-mail** address (mycoriseup2026@gmail.com).

All the best and fungiest,

Organising Committee

*Beniamin Abramczyk
